

# Farewell and goodnight

## Couplet 1

**B Bmaj7 B Bmaj7 E Emaj7**

Goodnight, to every little hour that you sleep tight

**E Emaj7 B Bmaj7**

May it hold you through the winter of a long night

**B B F# E**

And keep you from the loneliness of yourself

**B Bmaj7 B Bmaj7**

Heart strung is your heart frayed and empty

**E Emaj7 E Emaj7**

Cause it's hard luck, when no one understands your love

**B Bmaj7**

It's unsung, and I say

## Refrain

**B C# E F#**

Goodnight, my love, to every hour in every day

**B C# E F#**

Goodnight, always, to all that's pure that's in your heart

## Couplet 2

Goodnight, may your dreams be so happy and your

Head lite with the wishes of a sandman and a night light

Be careful not to let the bedbugs sleep tight nestled in your covers

The sun shines but I don't

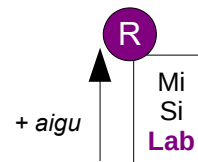

A silver rain will wash away

And you can't tell, it's just as well

## Refrain

Goodnight, my love, to every hour in every day

Goodnight, always, to all that's pure that's in your heart

### Renversement

L'accord est renversé,  
**XX** devient la 1ere note jouée
